The regular academic year at WBU includes the fall and spring terms; the summer eight-week session is considered a "trailing" term. Summer financial aid is generally limited to unused federal and state aid eligibility from the academic year and/or private student loans. Most financial aid programs require at least half-time enrollment (6 hours for undergraduate and 3 for graduate) during the summer.

I plan to enroll for a total of _____ ~~credits~~ hours in the 2024 summer term.
