Once you have finished the authentication process, click on the “Begin Exam” link. Your proctor will enter the password for you. Once the password has been entered, you are ready to begin!

**Please Note:** We encourage test-takers to arrive 15 minutes prior to the start of their exam. This will allow ample time to connect with your proctor and troubleshoot any technical issues that may arise.

Also, the time it takes you to connect to proctor support and complete the authentication process does NOT count towards your exam duration.

**MAKE SURE YOUR POP-UP BLOCKER IS DISABLED.** Otherwise, you will not be able to connect with proctor support.
